Dear Parent/Guardian/Swimmer,

The City of Liverpool Swimming Club (COLSC) works in partnership with Liverpool City Council (LCC) Sport and Recreation Service and welcomes you and your child(ren) to the Liverpool City Council Swim Training Scheme.

COLSC provides a high level competition outlet for the Liverpool City Council Swim Training Scheme.

Being a member of the training scheme does not mean you are, or need to become, a member of City of Liverpool Swimming Club.

If you are selected to swim, or wish to compete, for the club you will need to join the club as a “Club Compete” swimmer.

It is expected that new members have a “home” club, and remain members of their “home” club after joining COLSC.

COLSC will provide local club contact details to new membership applicants who do not have a “home” club and wish to join one.

The Club provides opportunities for all individuals to develop their skills and enable talented individuals to excel at regional, national and international level, thereby maximising their potential as competitive swimmers.

COLSC is a SwimMark accredited and follows the Swim England Wavepower child safeguarding policies and procedures.

Club information including Privacy Policies, Membership Forms and Codes of Conduct are available on the club website: www.colsc.weebly.com

Further membership information is available from your Swim Skills coach or:

Darren Ashley Chief Coach,
M: 07856927238
