I'm delighted to announce that the club have reached the **Arena National Swimming League "A" Final in Cardiff on Sunday 27th April**, which places the club in the top 10 teams in the country, a great achievement and something that the club, staff, swimmers and parents should be very proud of. **Well Done to everyone who has contributed to this success this year**, all the swimmers who took part in both the preliminary rounds and regional final, team staff, coaches and parents.

Special mention should go to the parents, who once again won the Presidents Cup at the North West Final in Manchester, for the best supported club in the final. Great job by everyone.

Swimmers, keep working hard, as April will come round very quickly!
